Urban nature walk
at
Landschaftspark Herzberge

Invitation 4

Looking up

Find a calm and comfortable place nearby. Feel free to take a seat if you'd like. Lift your head and look up. What do you see? This is your personal slightly moving painting provided by nature. Give yourself time to pay attention to the details. Which parts of the "painting" are not easy to miss? Which parts of the "painting" need time to evolve in your eye and mind? Which shapes and colours do you notice? Which parts are moving? Is there anything that strikes you in particular?

Hold your gaze for at least 5 minutes. This is a painting created just for you.

KulturNest e.V.

Placing Nature at the Centre of Culture in Europe

KulturNest e.V. is a Berlin-based non-profit organisation that believes in the power of bottom-up initiatives, creativity and civic participation to create meaningful social change. We design and facilitate learner-centred, non-formal educational experiences that connect people with one another, with nature and with their own capacity to shape the world around them. Our interdisciplinary team of artists, forest therapists, facilitators, youth workers and other practitioners works collaboratively with communities to create empowering spaces for learning, co-creation, wellbeing and social connection.
